On the occasion of the anniversary of the fall of the Berlin Wall, CHANCY SQUIRE releases her exceptional musical video "DARK WALL OF BERLIN" in the film-length version on YouTube and starts the single release on November 9, 2022.

Finally, the Berlin Wall and its unspeakable dark history now gets a monument captured in rock music, "a journey through time". This time the band deliberately breaks the three-minute standard formula and gives a little more time for reflection beyond the pop-musical doctrine. Because a flashback to times long past deserves that the construction of the Berlin Wall should never be forgotten as a cautionary tale and symbol of the dark side of power. The memory of a system of complete oppression, lack of freedom and paternalism!

With CHANCY SQUIRE this history becomes an exciting rock opus of the annual anniversary of the fall of the Berlin Wall and even in the short version of the single a blueprint for everything that can make distinctive music:

A tribute to hope for a better world - pure CHANCY SQUIRE. A statement to never give up even in difficult times.

More about Chancy Squire:

CHANCY SQUIRE is liked for standing up for a better world with catchy melodies and philosophical lyrics, as the band symbol of Pegasus clearly shows! Short, concise, polyphonic New Country-Folk-Pop-Rocksongs, exclusively self-composed, inspire the ever-growing, worldwide fan base. Even back then - when the wall had long since eclipsed freedom - the band had the song very successfully in their LIVE program on the stages of Hamburg's most famous clubs, e.g. in the legendary "Onkel Pö (Onkel Pö's Carnegie Hall), in the Logo, in the Knust, etc.
