Being betrayed by a loved one is one of the worst experiences. But set out to find another dream. The trick is to get up once more than you are knocked down: BACK ON THE RUN.

Love happens, feelings happen - and suddenly there is someone new in your life. You can neither control it, nor stop it. Yes, it shouldn't be, but cheating is the end of trust - it is inevitably shaken, if not completely destroyed. A bitter experience. But every difficult situation that you master now, you will be spared in the future. So don't allow hatred, but work through the relationship and the betrayal sensibly and draw your lessons for the future from it. Because for every failure of a relationship there are always at least two. And every ending is followed by a new beginning.

Therefore, meet the future head on and enjoy the positive feelings that develop: the feelings of sudden freedom, curiosity and spontaneous change. Be open to new acquaintances, to new things. Because that's what you should keep telling yourself: "It's not a shame to fall down, but it's a shame to just stay down." The question is, "Why do we fall?" The answer is, "So we can learn to get back up!" So get up, get ready for the love that is coming. For a new happiness that is waiting for you. You alone have it in your hand. The past is behind you, your way forward will take you further. Be "back on the run ..."

If you think your world is falling apart and your heart is being ripped out, it's high time for hope: with Chancy Squire's next hit single as a radio edit version: "BACK ON THE RUN".

More about Chancy Squire:

CHANCY SQUIRE is liked for standing up for a better world with catchy melodies and philosophical lyrics, as the band symbol of Pegasus clearly shows! Short, concise, polyphonic New Country-Folk-Pop-Rocksongs, exclusively self-composed, inspire the ever-growing, worldwide fan base. Even back then - when the wall had long since eclipsed freedom - the band had the song very successfully in their LIVE program on the stages of Hamburg's most famous clubs, e.g. in the legendary "Onkel Pö (Onkel Pö's Carnegie Hall), in the Logo, in the Knust, etc.
